Irfan Ullah

UI Designer | MERN Stack Developer | Building Dynamic Web
Experiences | Exploring AI

Peshawar, Khyber Pakhtunkhwa, Pakistan

Summary

I'm a passionate and self-driven UI Designer and MERN Stack Developer, always eager to learn and grow. I love diving into web application development, especially with React.js and Node.js, and I'm actively expanding my knowledge into the exciting world of AI. I pride myself on being a hard worker, a good communicator, and someone who's always committed to building innovative and robust solutions.

Education

Apna College
Delta 3.0 Batch, Computer Science
